

GENERAL INDEX TO VOLUME XI.

[NOTE.—Titles of papers are printed in *italics*; names of authors and participants in debate are printed in SMALL CAPS.]

	PAGE
Abrasion tests, standards for.....	629
Academy of Engineering.....	32
Acceleration in transmission of force in a steam-engine.....	1116
Address, Presidential, H. R. Towne.....	50
ALDEN, GEO. I., an automatic absorption dynamometer.....	959
Allen, Horatio, Memorial notice of.....	1149, 1156
ALLISON, ROBERT, disc., steam pipes for collieries.....	217
ALMOND, T. R., disc., durability of lubricants.....	1023, 1026
“ “ “ cost of lubricating car journals.....	131
Amendment to rules 20 and 21.....	31
Anmonia in ice-machine.....	832
Analysis of feed water.....	939
Analysis of reciprocating motions.....	260
<i>A new recording pressure-gauge</i> , W. H. Bristol.....	225
Appendix to report of committee on standard tests.....	527
Appendix to general solution of the transmission of force in a steam-engine.....	1116
Appleton on cost of water-power.....	120
Arch curves.....	903
Area, effective, of screws.....	1028
ARMSTRONG, E. J., a use for inertia in shaft governors.....	1068
“ “ disc., a governor for steam-engines.....	1089
Ashburner, Chas. A., memorial notice of.....	1153
ASHWORTH, DANIEL, disc., Amer. Institution of Engineers.....	599
“ “ “ steam-jackets of Pawtucket engine.....	1050
<i>Automatic absorption dynamometer</i> , Geo. I. Alden.....	958
Automatic sprinklers, sensitiveness of.....	699
BABCOCK, GEO. H., disc., errors of calorimeters.....	204
“ “ “ theory and design of chimneys.....	473
BALL, FRANK H., disc., philosophy of multi-cylinder engine.....	177
“ “ “ a governor for steam-engines.....	1093
“ “ “ inertia in shaft governors.....	1070
BARNABY, C. W., disc., inertia in shaft governors.....	1078
“ “ “ length of an indicator card.....	950
“ “ “ steam jackets of Pawtucket engine.....	1050
“ “ “ effect of unbalanced eccentric.....	1066
BARNES, D. L., disc., committee on standard methods of testing locomotives.....	593
“ “ “ efficiency of locomotives.....	884
“ “ “ arrangement of tubes in a boiler.....	1104
“ “ “ working railroads by electricity.....	857
“ “ “ universal steam calorimeter.....	826

	PAGE
BARRUS, GEO. H., a universal steam calorimeter.....	790
" " memoranda regarding the indicating of the engine of the steamer <i>City of Richmond</i>	828
" " present report on standard methods of conducting duty trials of pumping engines.....	588
" " disc., errors of calorimeters.....	205
" " " philosophy of multi-cylinder engine.....	167
" " " mechanical theory of chimney draught.....	782
Bending tests, standards for.....	628
BRID, W. W., an open mercury column for high pressures.....	892
Boiler-tubes, arrangement of.....	1102
BOND, GEO. M., disc., report on standards.....	29
" " " transmission of force in a steam-engine.....	523
" " " graphical analysis of reciprocating motions.....	267
BORDEN, T. J., disc., tests of several types of engines.....	760
" " " mechanical theory of chimney draught.....	782
Braced furnace for marine boiler.....	445
BRISTOL, W. H., a new recording pressure-gauge.....	225
Calorimeter, a universal steam.....	790
Calorimeters, study of the errors of.....	193
Cam-cutting.....	267
CAMPBELL, ANDREW C., disc., methods of reducing the fire loss.....	306
Canadian practice of house-heating.....	934
Car journals, cost of lubricating.....	126
CARPENTER, R. C., comparative test of a hot-water and a steam heating plant.....	918
" " tests of several types of engines under conditions found in actual practice.....	723
" " notes on kerosene in steam boilers.....	937
CARY, A. A., disc., methods of reducing the fire loss.....	308
Casing for propellers.....	1036
Cements, standard tests for.....	561
Chains for cranes.....	952
<i>Chimney draught</i> , De Volson Wood.....	974
" " mechanical theory of.....	772
" " Péclet's treatment of.....	762
" " tests of formulæ for.....	984
Chimneys, theory and design of.....	451
Circular of standard methods of test.....	605
<i>City of Richmond</i> , indicating engine of.....	828
CLARKE, THOS. C., the Kinzua viaduct, 1882.....	961
Clearances in multi-cylinder engines.....	151
Clock, remontoir.....	774
Coal consumption in a greenhouse.....	925
Coal consumption, cost of.....	111
Coffin, John, memorial notice of.....	1157
COLE, J. WINCHELL, disc., arrangement of tubes in a boiler.....	1103
Committee on Institution of Engineers.....	42
" " standards report.....	596

	PAGE
Committee on standards report.....	20
" " World's Fair report.....	594
<i>Comparison of indicators</i> , J. B. Webb.....	311
<i>Comparative test of a hot-water and a steam heating plant</i> , R. C. Carpenter.....	918
Compensating cylinder for direct-acting pumps.....	241
Compound engine, philosophy of.....	135
Compound locomotives.....	872
Compression in locomotives.....	869
Compression tests, standards for.....	624
Contents of appendix on Munich and Dresden Conference on methods of tests.....	531
Copeland gift to library.....	15
Copper for bearings of car journals.....	133
Cost of electric railroads.....	845
<i>Cost of lubricating car journals</i> , J. S. Randolph.....	126
<i>Cost of steam and water-power</i> , C. T. Main.....	108
Crane chains.....	952
Critchlow valves.....	1108
CROCKER, JNO. B., disc., rolls for bending plate.....	1105
Dash pots for shaft governors.....	1073
DASHIELL, BENJ. J., Jr., disc., working railroads by electricity.....	860
DAVIS, E. F. C., steam-pipes for collieries.....	215
Davison, Henry J., memorial notice of.....	1154
DENTON, JAS. E., on the influence of the steam-jackets on the Pawtucket pumping engine.....	328
" " on the performance of a double-screw ferry-boat.....	372
" " on the measurement of the durability of lubricants.....	1013
" " disc., table of properties of steam.....	105
" " " cost of lubricating car-journals.....	129
" " " philosophy of multi-cylinder engine.....	167
" " " flow of steam and calorimeters.....	204
" " " expansion in direct-acting pumps.....	250
" " " transmission of force in a steam-engine.....	520
Deterioration of lubricants.....	1017
<i>Determination of sensitiveness of automatic sprinklers</i> , A. F. Nagle.....	699
DICK, JOHN, disc., cost of lubricating car-journals.....	133
DIXON, W. F., the efficiency of locomotives.....	867
Double-screw ferry-boat, performance of.....	372
Draught-gauge by Barrus.....	782
" " Webb.....	787
" mechanical theory of chimney.....	772
Dresden conference on standard methods of test.....	529
Drop-tests, standards for.....	615
Durability of lubricants, measurement of.....	1013
DURFEE, W. F., disc., efficiency of locomotives.....	888
DUTTON, C. SEYMOUR, some experiences with crane chains.....	952
" " disc., arrangement of tubes in a boiler.....	1103
" " " inertia in shaft governors.....	1079
" " " durability of lubricants.....	1025
Duty trials of pumping-engines, standard method for.....	654

	PAGE
Dwelschauer's theory of the steam-engine.....	688
DWELSHAUSER, DÉRY-V., table of the properties of steam; their use in study of steam-engine experiments.....	72
Dynamometer, automatic absorption.....	959
EDSON, JARVIS B., disc., new recording pressure-gauge.....	229
<i>Effect of unbalanced eccentric or governor ball on the valve-motion of shaft-governed engines</i> , Jno. E. Sweet.....	1053
<i>Effective area of screws</i> , the, D. S. Jacobus.....	1028
<i>Efficiency of locomotives</i> , W. F. Dixon.....	867
Efficiency of locomotives, committee on standard methods of test of.....	591
Efficiencies of engines.....	158
Electric locomotives.....	843
<i>Electricity, working of railroads by</i>	839
EMERY, C. E., di-c., automatic sprinklers.....	714
“ “ “ effective area of screws.....	1034
“ “ “ expansion in direct-acting pumps.....	251
“ “ “ graphical analysis of reciprocating motions.....	267
“ “ “ influence of steam-jackets of Pawtucket pumping engine.....	360
“ “ “ performance of a double-screw ferry-boat.....	442
“ “ “ test of hot-water and a steam heating plant.....	931
Engine, compound, philosophy of.....	135
Engine governor.....	1081
Engineers, Institution of.....	32
<i>Equilibrium arch curves</i> , H. H. Suplee.....	903
Ericsson memorial committee report.....	583
European excursion of 1889.....	50
Exchanges in library.....	16
Excursion to Europe of 1889.....	50
Excursions, XXth, or New York meeting.....	48
Excursions, Cincinnati (XXIst) meeting.....	602
Exhibition, International, possible in 1892.....	61
Expansion in multi-cylinder engines.....	146
Expenses per H. P. in mills.....	112
<i>Experimental study of the errors of different types of calorimeters</i> , C. H. Peabody.....	193
FABER DU FAUR, A., disc., steam-pipes for collieries.....	219
“ “ “ “ flow of steam through orifices.....	202
Fair, resolution approving a World's.....	46
FAWCETT, EZRA, disc., feed-water purification.....	1110
“ “ “ inertia in shaft governors.....	1074
Feed-water purification.....	1110
Feed-water test for pumping engine.....	668
Ferry-boat, performance of.....	372
Fire apparatus.....	297
Fire loss, methods of reducing.....	271
Fire-proof doors.....	305
Flange diameters, committee report.....	589

	PAGE
<i>Flow of steam through orifices</i> , C. H. Peabody.....	187
Forging tests, standards for.....	629
FORSYTH, WM., amends title of committee on standard methods of tests...	588
" " disc., working railroads by electricity.....	859
Friction of indicator springs.....	312
Friction in transmission of force in a steam-engine.....	1116
GALE, HORACE B., theory and design of chimneys; with criticisms on the common theory and experimental data.....	451
" " disc., chimney draught.....	980
" " " mechanical theory of chimney draught.....	776
" " " tests of recent formulæ for chimney draught....	987
Gallatin experiments.....	367
GANTT, H. L., disc., rolling steel rails.....	213
Gately and Kletsch experiments.....	162
Gauge, a new recording.....	225
<i>General solution of the transmission of force in a steam-engine, as influenced by action of friction, acceleration, and gravity</i> , D. S. Jacobus.....	492
GOBEILLE, JOS. L., disc., methods of reducing the fire loss.....	307
" " " test of a hot-water and a steam heating plant....	934
<i>Governor for steam-engines</i> , a, Jesse M. Smith.....	1081
Graphical evaluation of heat losses.....	87
<i>Graphic representation of thermal quantities</i> , De Volson Wood	997
<i>Graphical analysis of reciprocating motions</i> , Oberlin Smith.....	260
Gravity in transmission of force in a steam-engine.....	1116
GRAY, THOMAS, disc., mechanical theory of chimney draught.....	779
Green, Howell, memorial notice of.....	1152
Greenhouse proportions of heating surface	923
GRINNELL, FREDERICK, disc., methods of reducing the fire loss	303
Growth of Society in first ten years	10
HAGUE, C. A., disc., expansion in direct-acting pumps.....	251
" " " influence of steam-jackets of Pawtucket pumping engine.....	361
" " " new recording pressure-gauge.....	228
" " " performance of a double-screw ferry-boat.....	443
HALL, WILLIS E., working railroads by electricity.....	839
" " disc., efficiency of locomotives.....	878
Hardening tests, standards for.....	628
Havemeyer, Hector C., memorial notice of.....	1153
HAWKINS, J. T., disc., durability of lubricants.....	1024
Heat exchanges in cylinders.....	87
Heat-gauge, test of accuracy of.....	819
<i>Heating furnaces</i> , D. K. Nicholson.....	896
HENNING, G. C., presents report on standard methods of test and testing materials.....	587
" " reporter for committee on standard methods of test and testing materials.....	527, 604
" " disc., effective area of screws.....	1036
" " " hydraulic valves.....	1105

	PAGE
HENNING, G. C., disc., some experiences with crane chains.....	955
HENTHORN, J. T., disc., influence of steam-jackets of Pawtucket pumping engine	363
HIBBARD, H. D., disc., hydraulic valves.....	1108
High-duty attachment for direct-acting pumps.....	248
<i>Hirn and Duclshauvers' theory of the steam-engine, experimental and analytic</i> , R. H. Thurston.....	688
Hirn, Gustav Adolph, memorial notice of.....	1149
HOLLOWAY, J. F., how to work steam expansively in direct-acting steam-pumps.....	235
" " disc., Institution of Engineers.....	36
" " " performance of a double-screw ferry-boat.....	445
Hornish boiler-cleaner	939
Hot-water <i>vs.</i> steam heating plant.....	918
House for the Society bought.....	580
<i>How to work steam expansively in direct-acting steam-pumps</i> , J. F. Holloway	235
HUNT, R. W., disc., rolling steel rails.....	212
HYDE, C. E., disc., performance of a double-screw ferry-boat	447
Hydraulic valves.....	1105
IDELL, F. E., disc., a governor for steam-engines	1088
Inertia in shaft governors.....	1068
Inertia of indicator springs.....	315
<i>Indicating engine of City of Richmond</i>	828
<i>Indicator card, length of</i>	941
<i>Indicator rigging for compound engines</i> , F. W. Parsons.....	222
Indicator rigging for Pawtucket engine.....	1044
<i>Influence of steam jackets of Pawtucket pumping engine</i> , D. S. Jacobus....	1038
Institution of American Engineers	32
Institution of Engineers	599
International exhibition of 1892.....	61
JACOBUS, D. S., appendix to general solution of the transmission of force in a steam-engine.....	111
" " influence of steam-jackets of Pawtucket pumping engine.....	1038
" " effect of friction at connecting-rod bearings on the force transmitted	1134
" " general solution of transmission of force in a steam-engine, as influenced by the action of friction, acceleration, and gravity.....	492
" " the effective area of screws.....	1028
" " disc., a governor for steam-engines.....	1095
" " " an open mercury column for high pressures.....	893
" " " automatic sprinklers	709
" " " tests of several types of engines.....	759
Journals, car, cost of lubricating.....	126
KAFFER, JOHN C., disc., influence of steam-jackets of Pawtucket pumping engine.....	366
KENT, WM., tests of recent formulæ for chimney draught.....	984
" " disc., performance of a double-screw ferry-boat	443

	PAGE
KENT, WM., disc., report on standards.....	22
“ “ “ efficiency of locomotives.....	839
“ “ “ tests of engines.....	890
Kerosene in steam boilers.....	937
<i>Kinzua viaduct, the</i> , Thos. C. Clarke.....	961
Kunhardt, L. H., co-author of flow of steam through orifices.....	187
LAFARGE, T. H., disc., methods of reducing the fire loss.....	306
LAIRD, JNO. A., disc., feed-water purification.....	1110
LANDRETH, OLIN H., disc., equilibrium arch curves.....	912
Lazy-tongs for indicators.....	1051
Lead in high-speed engines.....	1109
Leakage-test of pumping engine.....	673
LEAVITT, F. M., disc., graphical analysis of reciprocating motions.....	268
<i>Length of an indicator-card</i> , J. B. Webb.....	941
Library opened in evenings.....	9
Library, report of, 1889.....	14
Locomotives for hoisting purposes.....	888
Locomotives, efficiency of.....	867
Lubricants, measurement of durability of.....	1013
<i>Lubricating car journals, cost of</i>	126
MACFARREN, S. J., street-car gear for modern speeds: the coming self-propelled car.....	254
“ “ disc., working railways by electricity.....	851
MAGRUDER, W. J., disc., mechanical theory of chimney draught.....	781
MAIN, C. T., cost of steam and water power.....	108
MCBRIDE, JAS., disc., errors of calorimeters.....	204
“ “ “ method of reducing the fire-loss.....	305
“ “ “ steam pipes for collieries.....	218
<i>Measurement of durability of lubricants</i> , J. E. Denton.....	1013
<i>Mechanical theory of chimney draught</i> , J. B. Webb.....	772
<i>Memoranda regarding the indicating of the engine of the steamer City of Richmond</i> , Geo. H. Barrus.....	828
Memorial notices of members deceased.....	1149
Mercury column for high pressures.....	892
<i>Methods of reducing the fire loss</i> , C. J. H. Woodbury.....	271
Mill-power, cost of.....	117
MINOT, H. P., disc., steam pipes for collieries.....	219
MORGAN, THOS. R. SR., disc., working railroads by electricity.....	861
Mortars, standard tests for.....	561
Moulding machines, power.....	1111
Multiple or piece tests, standards for.....	626
Munich conference on standard methods of test.....	529
NAGLE, A. F., determination of sensitiveness of automatic sprinklers.....	699
“ “ disc., steam-jackets of Pawtucket engine.....	1049
“ “ “ tests of recent formulæ for chimney draught.....	992
“ “ “ tests of several types of engines.....	761
“ “ “ mechanical theory of chimney draught.....	780
“ “ “ kerosene in steam-boilers.....	940

	PAGE
NAGLE, A. F., disc., arrangement of tubes in a boiler	1104
NASON, C. W., disc., hydraulic valves	1108
“ “ “ kerosene in steam-boilers	939
“ “ “ power moulding machines	1112
“ “ “ steam-pipes for collieries	217
“ “ “ test of a hot-water and a steam heating plant	932
<i>New recording pressure-gauge</i> , W. H. Bristol	225
Nicholson's compound locomotive	872
NICHOLSON, D. K., heating furnaces	896
“ “ rolling steel rails	208
Non-conducting engine cylinders	151
<i>Notes on kerosene in steam-boilers</i> , R. C. Carpenter	937
Nozzles for measurement of water	679
<i>On the influence of the steam-jackets on the Pawtucket pumping engine</i> , J. E. Denton	328
<i>On the performance of a double-screw ferry-boat</i> , E. A. Stevens and J. E. Denton	372
<i>Open mercury column for high pressures</i> , W. W. Bird	892
Oscillation of springs	944
OWEN, EDWARD H., memorial notice of	1154
Paradigms of motion	267
PARSONS, FRED. W., indicator rigging for compound engines	222
PARSONS, H. DE B., disc., performance of a double-screw ferry-boat	448
Pawtucket pumping engine, influence of jackets	1038
Pawtucket pumping engine, steam-jackets of	328
PEABODY, C. H., flow of steam through orifices	187
“ “ an experimental study of the errors of different types of calorimeters	193
<i>Péclet's treatment of chimney draught</i> , J. B. Webb	762
PENNEY, EDGAR, disc., power moulding machines	1111
Petroleum in steam-boilers	939
<i>Philosophy of the multi-cylinder or compound engine ; its theory and its limitations</i> , R. H. Thurston	135
Phosphorus in chain iron	955
Pipes for collieries	215
Pit furnaces	950
Plumbago and beeswax for cylinders	1026
POPE, R. W., disc., Institution of Engineers	38
Porter-Allen thump in engines	521
PORTERFIELD, HENRY A., disc., kerosene in steam-boilers	939
“ “ “ durability of lubricants	1023
President's address, H. R. Towne	50
Pressure-gauge, a new recording	225
Proceedings, N. Y. meeting (XXth), 1889	3
“ “ “ Cin. meeting (XXIst), 1890	575
Propellers, flexure of	1036
<i>Properties of steam, table of the</i>	72
Power, cost of steam and water	108
Power moulding machines	1111

	PAGE
Pumping engines, standard duty-trial for	654
Punching tests, standards for	629
Purification of feed-water for boilers	1110
Rails, rolling of steel	208
Railroads, working of, by electricity	839
Ratios of expansion in multi-cylinder engines	166
RANDOLPH, L. S., cost of lubricating car-journals	126
